

Additional Class Information

Weather:

Albuquerque's altitude is 5,314 feet. Visitors should take necessary precautions to prevent exhaustion, overexposure and overheating during physical activities. There are four distinct seasons, but all are characterized with sunny days. Wear sunglasses and drink plenty of fluids to prevent dehydration.

Average Temperatures:

- December through March: Cold and windy with occasional light snow; 25-70 degrees
- April through May: 40-80 degrees
- June through July: Very hot and dry; daytime temperature 90 degrees to low 100's
- August through September: Monsoon season; warm temperatures with afternoon thunderstorms likely
- October through November: 40-70 degrees
